

GERMANS PEACEFUL BUT SULLEN; WORK WILL BE HALTED AS A PROTEST

French Commander Considers Initial Mission Has Been Carried Out.

KRUPP PLANTS RUN FULL

Fifteen-Minute Suspension Planned for Monday Forenoon to Voice Indignation; Rail Unions See "Consensus of World" on German Side.

By Associated Press.

DUSSELDORF, Jan. 12.—General Deputi, commander in chief in charge of the movement of the military into the extended zone of occupation in the Ruhr, said today he considered his mission to have been successfully carried out. "I had instructions to protect the entrance of the economic mission into Essen and the Ruhr," he said to the correspondent. "This has been done. My further duties now consist of insuring the security of the members of the mission while they are at work, which I have taken measures to do. No trouble has occurred and I do not expect any unless the Berlin government should give inflammatory instructions to the Ruhr authorities which I consider it would be to the best interests of Berlin to do."

"Our relations with the German authorities are correct."

The French high commission in the Rhenish has invited the managers of the factories to meet with it.

RAIL UNION URGES WORKERS TO BE CALM

BERLIN, Jan. 12.—The directorate of the German Railway Men's Union has issued a protest against the French occupation of Essen. The statement urges the workers to remain calm, saying: "Since we are defenseless we must submit to force. In the expectation that protest to the conscience of the world will obtain our aim."

40,000 KRUPP EMPLOYEES GO TO WORK AS USUAL

ESSEN, Jan. 12.—The 40,000 employees of the Krupp plant here went to work this morning as usual, according to information officially supplied to the French mission in Essen by the German authorities. Strikes are reported in Bochum, but the percentage of strikers is small, it is said.

The French have moved their outposts to Geisenkirchen, three miles northeast of Essen, and to Velbert, five miles to the southeast.

All the factories will close next Monday morning from 11 to 11:15 o'clock in protest against the occupation. The committee directing the demonstration represents all political parties. Railway traffic will halt for 10 minutes at the same hour. The ringing of church bells and the blowing of factory whistles will voice the city's indignation.

BRITISH TO SEND WAR VESSELS TO MECHEL

PARIS, Jan. 12.—The French and British governments are preparing to send warships to Memel, the former East Prussian territory of the Baltic, internationalized by the Treaty of Versailles, with the purpose of maintaining order in view of the invasion by the Lithuanians. Dispatches received by the French foreign office indicate that the Lithuanian invaders who crossed the frontier earlier in the week have reached the town of Memel and exchanged shots with the German guards.

GERMANY MAKES PROTEST TO U. S.

WASHINGTON, Jan. 12.—Dr. Otto Weddigen, the German ambassador, called at the State Department late yesterday and left there a formal protest against occupation of the Ruhr by France.

After reciting that the German government protested against "oppression applied towards Germany in combination with the Treaty (of Versailles) and International law, the communication said the Berlin government did not intend to meet "violence with violence nor to apply to the breach of the treaty with a withdrawal from the treaty."

Dr. Herrington Wins Highest Poultry Award

Dr. Lee R. Herrington of New Salem, formerly of Broad Ford, was awarded the highest honor at the annual show of the Pittsburgh Poultry Association, this week at Motor Square Garden. His entry was credited in the "best display class."

His white wyandottes were awarded prizes: for the first pen, first cock, first pullet. He also was fifth in the hen class and had a fifth cockerel entry.

NO MINERS' STRIKE, IS PREDICTION OF COAL COMMISSION

WASHINGTON, Jan. 12.—That practically all danger of another coal strike in the unionized bituminous fields of the country on April 1 next has now passed is the opinion of the United States Coal Commission as voiced by John Hays Hammond, chairman of the commission, at a conference with Washington newspaper correspondents. Four other members of the commission—Smith, Marshall, Howell and Alschuler—agreed in expressing the same opinion.

This opinion was based, Chairman Hammond indicated, upon the assurances given by representatives of the operators and miners in attendance at the joint wage convention at Chicago last week that everything would be done to prevent a strike.

The members of the commission apparently are entirely optimistic that a strike will be found, when the representatives of the operators and miners meet in New York next week, to maintain peace in the industry.

Among the advices received by the commission during the week relative to the Chicago wage negotiations and which appeared to be responsible, in large measure, for the feeling of optimism, was a telegram from an operator at Chicago, who, it was explained, did not participate in the wage convention. His identity was not disclosed by the commission. He was described merely as an "unofficial observer."

Squire Weir of Ohio Injured By Fall in Dark

Special to The Courier
OHIOVILLE, Jan. 12.—Squire Radcliffe Weir, one of the oldest men of the town, is confined to his home with a severe sprain of the leg, the result of a fall Wednesday night while going from his office to his home, after darkness had settled. Owing to a breakdown of the electric power plant the streets have been in utter darkness. The squire walked off a high spot of the sidewalk.

The aged man lay helpless until a passerby heard him and assisted him home. No bones were broken, a physician found.

SCHOLASTIC FIELD MEET TO BE HELD

Connellsville and Dunbar Township School Heads on Committee.

AT DAWSON FAIR GROUNDS

Big Driving Park Selected as Logical Place for the Event; Every School in the County Will Enter Parades; Fayette County League Meets

The field meet of the Fayette County Intercollegiate Athletic Association will be held during the spring at the Dawson Fair Grounds. This decision was reached at a meeting of representatives of 11 schools, the official body designated by the State, to have charge of the building and regulation of the fair.

Cards of invitation, such as are used by the Klan in announcing meetings, intended to express the principles of the order and to promote its cause, have been issued during the past few days, stating that a gathering of this kind will be held at the Armory this evening, at which addresses are to be made.

When the matter was brought to the attention of the members of the Armory Board today it was found that no lease for the use of the building had been made.

Some time ago persons identified with the Knights Club began negotiations for the use of the Armory for the purpose, they declared, of holding a "social session," to be followed by addresses by visiting speakers, but no lease, such as the regulations for the use of the building require, was executed.

Believing the Klan to be operating through the Keystone Club, or taking advantage of what was thought to have been arrangements for use of the Armory tonight, it is scheduled that the meeting as has been announced by the cards distributed more or less, prominently among the men of the city, the members of the Armory Board have declared that a lease for such purpose has not been signed and will not be signed. Hence there will be no meeting tonight of either the club or the Klan. Nor will the inter-organization committee be permitted to hold a meeting.

The members of the Armory Board, having custody of the building under the State Armory Board at Harrisburg, are: Major J. L. Junk, Captain Harry Dunn, Captain George Bowles Jr., Lieutenant Ralph A. Marlette and A. B. Blood.

The branch of the Klan reported to have been organized in Connellsville made itself known last night when a "very cross" was burned on a point near Blackstone's Hill, West Side, following the discharge of a heavy bomb.

The cross was seen about 9:30 o'clock. There were two or three bomb explosions, all so heavy that they attracted much comment. The cross was visible from many points in the city.

Those living in the neighborhood say they could see white smoke rising beneath the cross. The number in attendance was not estimated. It is said the Klan has a membership of about 150 in the city.

FRIDAY EVENING, JAN. 12, 1923.

A GOOD CABINET IN THE
MAKING.The selections Governor-Elect Pinchot has thus far made of persons
who are to form his cabinet are serving
to show his determination to surround
himself with official advisors of
proven capabilities and special fit-
ness for their several tasks.The appointment of George W.
Woodburn, an attorney of long exper-
ience and highest qualifications as
attorney general is hailed in all parts
of the state as an excellent choice
so also is the selection of Dr. Ellen C.
Potter to become head of the De-
partment of Public Welfare. This
appointment attains considerable at-
tention from the fact that Dr. Potter
will be the first woman in Pennsylvania
to fill an important state office with
a seat in the governor's cabinet. But
her previous service in connection
with the State Board of Charities and
in the varied field of medical and so-
cial endeavor qualify her so abund-
antly to assume charge of the coordi-
nated welfare, charitable and philan-
thropic organizations of the state that
she is certain to carry on the larger
work of the new department with
intelligence, efficiency and a full
knowledge of the requirements.The retention by Mr. Pinchot of such
trusted and capable officials as Peter G. Cameron, present commissioner of
banking; of Major Lynn G. Adams,
superintendent of the State Police;Dr. Thomas D. Rinegan, superin-
tendent of public instruction; Frank D. Beary, adjutant general andRobert Y. Stuart, commissioner of
forestry is creditable to the new
executive a discerning judgement of
men.While the confidence of the public
will be stimulated by the wise choice
Mr. Pinchot has made, extreme care
will be felt throughout the state
that the new administration will be
deprived of the splendid services of
Fiedler Rasmussen, as secretary of
agriculture, who rendered in behalf of
the farmers of the state. Qualified by
training and experience as few men
are, and in complete accord and
sympathy with everything that tends
to advance agriculture to the importance
it should have in the great state
of Pennsylvania, Dr. Rasmussen's
conduct of his department has recorded
many signal achievements. A
worthy successor will doubtless be
found for him but the farmers of the
state would have been more than
justified had he preferred to accept
Mr. Pinchot's invitation to remain
a member of his official family
rather than to assume the post as
president of the new land bank being
organized at Harrisburg.Having made an excellent begin-
ning in the construction of his cabinet
it can be confidently expected Mr.
Pinchot will be governed in his choice
of the remaining members by a desire
to select only those persons who will
certainly and efficiently serve the public
interest as all of those retained
in their former posts have served
with credit to themselves, thereby
contributing very materially to making
the administration of Governor
Pinchot one of outstanding achievement
and permanent benefit to the Inter-
national Commonwealth.

SAVANNAH.

I know that I am supposed to be
An independent man and free
From where the flags of freedom wave
No man need struggle as a slave
And when I am free I'll be
A bound and fettered self I'm
A humble and meek and chained
I'm
I serve a little tyrant's whimWhat matters it that I would be free?
She would be prancing on her steed
And I'm the horse upon whose back
She rode. Should the pace grow
Too slack?This little monarch knows just what
Will bring me to a faster trot
And though my poor old body tires
I've to serve her next dashesI what an awkward dance about
Her who put me in the right
That possesses no voice to sing
She has many a forewarning thing
To please her fancy or I could
Not be a true and honest man.

Here's a true and honest man

Who masquerades as sweet and cute

This man's perch on a self-made throne
Leaves with claim to all I care

As fine gold wealth is nothing more

Than junk to throw upon the floor

And though my poor old body tires

I've to serve her next dashes

The regular meeting of the E. B. Martin Bible Class of the First Baptist Church was held last night in the church with Mrs. Vera M. Long and Mrs. John May hostesses. Business of a routine nature was transacted after which refreshments were served.

Miss Holden to Wed.

A marriage of interest to Connellsburg and Uniontown society is that of Miss Katherine Holden, daughter of Dr. and Mrs. Holden of Washington, D. C., and L. J. Dillon of Detroit, Mich., to be solemnized Thursday, January 18, at 4 o'clock. Mrs. Basil J. Solsson will be the bride's matron of honor and Mr. Solsson will serve as an usher. Miss Holden has frequently visited Mr. and Mrs. Solsson at their home in Isabella road. Mr. Solsson will leave tonight for Washington, to join Mrs. Solsson, who has been a guest at the Holden home for the past few days.

Reception for Pastor and Bride.

Rev. Charles F. Richmond, pastor of the Greenwood Methodist Episcopal church, and bride, were tendered an informal reception last night in the church on South Ninth street, Greenwood. The affair was in charge of the Ladies' Aid Society and was attended by one of the largest crowds ever assembled since the organization of the church. B. S. Bohana presided and talks appropriate to the occasion were given by Rev. D. E. Miner, Rev. Johnson, pastor of the Covenanter Church of Greenwood, A. A. Clarke, Harry Dunn, James McMurtry and J. B. Henderson. Music, including a duet by Miss Dame Wanganan and Miss Anna Ruth Baer was rendered during the evening at the conclusion of the program refreshments consisting of ice cream, cake and coffee were served. Men, women and children were present to welcome the pastor and his bride and all were in good humor. Dr. and Mrs. Richmond received a number of gifts, including a handsome quilt made by the Ladies' Aid Society, and delicious cake baked by Mrs. A. C. Harwick. The church auditorium was taxed to its utmost capacity and chairs were placed in the hall.

S. R. Club Meets.

An enjoyable meeting of the S. R. Club was held last night in Maudie's

Hall, West Side. Features of the evening were solos by Misses Pauline Galli, Misses Canfield and Nelly Falcone accompanied by Miss Anna DeLuce and dancing by Misses Canfield and Nelly Falcone. A "dainty" luncheon was served by Miss Rose Pepo, M. Mrs. Purdant and Miss Anna Soper. At the close of the meeting the club members sang "A Perfect Day" a composition by Miss Rose Falcone. The next meeting will be held Thursday night, January 18. All members are requested to attend.

Mrs. Conway Hostess.

Mrs. Frank Conway was hostess at a well-appointed bridge party Thursday afternoon at her home at Second date. Six tables were called into play and the prize was awarded Mrs. Harr

the Newcomer of Scottdale. Luncheon was served at the conclusion of the games. Out of town guests were Mrs. J. Clyde Whitley, a sister of the hostess, Mrs. Clarence McFarland and Miss Kathryn Campbell, all of Connellsburg; Miss Milleen Staub on Miss Martha Diehl of Uniontown and Mrs. George Gommell of Mount Pleasant and Miss Vi Miller of First Floor.

Mrs. R. J. McGehee Hostess.

The Woman's Foreign Missionary Society of the Methodist Episcopal Church at Dunbar met at the home of Mrs. R. J. McGehee Thursday afternoon. Mrs. S. H. Jones was the leader and an interesting program was given, after which punch was served by the hostess.

Connellsville, Pa.

News of Dunbar

DUNBAR, Jan. 12.—Former Postmaster R. J. McGee left yesterday for Uniontown to assist the new postmaster in putting the affairs of the office in order, and instruct him in the conducting of the same. Mr. McGee's son, service as postmaster here has made him an expert at the business and the government is glad to use him in guiding new officials on the road to prosperity.

Mr. Crowe, the new postmaster here, is getting along nicely. The retiring postmaster gave him thorough instruction, and his retaining the trained clerks has assisted materially in his mastery of the office.

Mrs. W. C. Smith and daughter, Miss Eleanor, left this morning for Jacksonville, Fla., where they expect to spend four or six weeks visiting Mrs. Smith's daughter, Mrs. John S. Guyton, who teaches school there. The anticipated climate of that state is expected to assist materially in recovering Mrs. Smith to her normal health.

Rev. Leroy M. Hume, a former popular pastor of Dunbar Methodist Episcopal Church, but now located at Fayette City, who is visiting friends here, will occupy the Methodist Episcopal pulpit Sunday morning at 11 o'clock. A large congregation is expected to be present to hear and greet the man whose pastorate here did so much to unify and build up the church.

The union revival meetings to be conducted jointly by the Presbyterian, Baptist and Methodist Episcopal churches will commence Sunday evening at 7:30 in the Methodist Episcopal Church. Monday night the services will be held in the Baptist Church, following in that order alternately during the continuance of the special union services. The choirs of the three churches met last night and organized into a union choir to furnish the music for the meetings. The choir will also be assisted by the Methodist Episcopal quartet, Rev. Chapman taking the place of D. C. Jason who is absent from town. The regulation of this quartet is such as to guarantee splendid singing of the appropriate selections chosen.

Strange as it may seem the status of the Pechin-Dunbar shortcut road is unchanged. The Pennsylvania Railroad continuing to block the newly constructed highway, preventing its use and denying the people the advantages. For six months this obstruction has hindered and the railroad ignored the order of the court to open the road. The impression is becoming general that the people who are suffering for the want of this road, that if the local council and the supervisors cannot get definite action in half a year the supervisors ought to employ stimulating assistance to spur him on, or discharge him with an attorney who can do something. It is necessary to go to the Public Service Commission to compel the railroad company to remove the obstruction from the new road. It ought not to take half a year to do this. The people want the road, and they want the speediest method to secure it adopted. The impression is also gaining ground that the railroad is only bluffing, and that if brought face to face with a mandamus it would clear the road and allow the people their legal rights.

George H. Swearneign, the retired merchant who made Miss Hattie Bunting his bride at the Bunting home on Woodville street Wednesday afternoon was serenaded royally Wednesday evening and treated the serenaders from youngest to oldest handsomely, and there was a large company of them. No one was neglected and "all went merrily as a marriage bell." Mr. Swearneign was never more popular with the boys than now, and was noted in a particular manner when the jingle of bells and blowing of horns expressed the appreciation and good will of the serenaders.

After an idleness of months the Somet-Solvay by-product coke plant at the furnace started last week and is expected to run continuously for an indefinite period. The furnace has not yet been started, but hopes are entertained that at no greatly distant day it will be.

The epidemic of grip is abating and Dunbar is getting on a better health basis.

C. L. McGee has taken the position of supplyman at Somet-Solvay works. This will be another red-letter day in the life of J. L. Keffer, the veteran teacher and loyal Bryanite. He goes this evening to Uniontown where he will be one of a company of 15 or more who will dine with the Commander at a 6 o'clock dinner at the Willow Hotel, and accompany him by automobile to York Run where Mr. Bryan will lecture in the Georges Township High School. Mr. Keffer will occupy a seat on the stage, and will be as happy as it is possible for mortal man to be. To be near Bryan is to be in paradise in Keffer's case, and these periodic visits of the Commander make up the "delectable mountain" in his pilgrimage, and the lectures are the "House of the Interpreter" from which inspiration for future action is received.

At the Theatres

THE SESSON.

"WEST OF CHICAGO," with Charles Jones in a splendid role, is the feature picture today and tomorrow at this theatre. There are some all-realistic scenes of Mexico and the American side of the border. The picture is magnificently shot and in many scenes exceptionally beautifying. The action and directions are of the highest standard, and the story holds the interest. The film is distinctly one of swift action and sharp climax. Charles Jones meets every requirement of a screen star. Supporting him is Renée Adoree, a talented young actress, who plays her difficult role with consummate art. Startling scenes follow each other in rapid succession. A powerful sweep of dramatic strength carries the mind of the spectator right along to the end. Romance is definitely women in the story, and there are many touches of comedy. In previous "photoplays" Charles Jones' acting has been particularly noteworthy. If all the other elements required to make a good motion picture are on a par with the work of this star, a night of real entertainment is assured. Theatres open Monday, Tuesday and Wednesday. "Sherlock Holmes" will be shown.

THE PARAMOUNT.

"BACK FIRE," showing today and tomorrow at this theatre, features Jack Boxie, the popular star. "Back Fire" is a picture which will certainly delight every type of theatre-goer, for it contains every single element that makes for the success of a western thriller. There is comedy, clean, fast-moving, side-splitting, and tense drama to hold you engrossed, aside from the usual tests of clever horsemanship. The choice of players was a singularly fortunate one, for each artist is admirably suited to his or her role, and as per the best of their efforts help the work. Mr. Boxie's supporting cast leaves absolutely nothing to be desired, nor can a single "D" be found in the rarely beautiful exterior and interior settings which delight the eye in one long succession of perfect pictures rendered through rare photography.

THE ORPHEUM.

"THE TOP OF NEW YORK," starting May 26th, the charming Paramount star, provides splendid entertainment today and tomorrow at this theatre. The star is cast as a toy shop assistant in a huge department store. Part of her work is to appear as an animated doll. But her thoughts are with her little brother on the roof-top of their tenement, right across the area from which is the "ungallow" home of a widower artist who becomes "the Prince Charming" of the story. All in all "The Top of New York" is an unusually human story, particularly in the scenes depicting the life of shop girls at Christmas time. Children will be especially thrilled by the big department, set with its hundreds and hundreds of playthings and the star appearing as an animated doll. Miss McVey is supported by an excellent cast headed by Walter McGrail. Other well-known players include Madame Marstal, Charles Bennett, Edward Cecil, Pat Moore, Carrie Clark Ward, Arthur Hoyt and Mary Jane Irving.

Monday, Tuesday and Wednesday Thomas Meighan will be seen in "If You Believe It, It's So."

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call It "Joint Ease" because it's for Swelling, Sore, Painful, Cranky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents to produce a medicine that would be the one remedy that almost instantly relieved all kinds of aches and starts right in to make swollen, inflamed, cranky, pain-racked joints as good as new.

They call this new and wonderful product "Joint Ease" because the medical man who turned this trick worked 10 years to perfect some low-priced remedy that would easily assist the many people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swelling, painful, sore, cracked or stiff joint, whether it be a knee, elbow, shoulder, ankle, neck, fingers and whether it is caused by rheumatism, gout, rheumatoid arthritis, or any other disease.

Of course, it can't help but quickly put in end to such superficial ailments as lumbago, neuralgic neuralgia, sciatica, etc. In the side effects of "Joint Ease" you can see for yourself its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

What the Business Man May Expect In 1923

There is scarcely an individual doing business in the United States, whether upon a large or small scale, who will not receive information that will be of unusual value to him if he reads the leading news-feature in THE LITERARY DIGEST this week. It comprises surveys and predictions of business for the coming twelve months made by the foremost financiers and economists in the country—the heads of great banking institutions; such men as John Moody, B. C. Forbes, and Roger W. Babson, and the financial editors of the most important American newspapers. The article points out the clouds on the business sky which no cautious business man can afford to ignore; shows the condition of the farmer; the trend of wages; what makes for increased prosperity. The article is illustrated by charts and graphs.

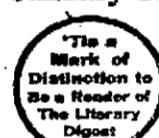

Other striking news-features in THE LITERARY DIGEST this week, January 13th, are:

Lifting the Veil From Our Foreign Policy
 The "Desert Strikers" Convicted
 Putting World Peace Up to America

The Joy of Living by Sidney Gowing

"Won't I? Why, you've learned the game— you'll never do that again!" he said twice. "Only thing I feared, it might have shaken your nerve. But you've got nerve to shake! You're the rooster that fool coachman was on the wrong side, anyway! Let's get on the Sphinx. You'll ride her like a bird after this. All the same," he added, "that pink-bur is a bit awkward for your dress."

"I don't care—I can manage."

"No—it's got to be fixed." His face cleared. "It's dead easy! I'll get you a pair of breeches in Syderford."

Aimee, dumfounded, turned and stared at him.

"What do you think you are?" she exclaimed. "The Universal Provi-

ider?"

Billy's chin stuck out sternly.

"I'm your partner! Get me!"

Aimee looked at him thoughtfully, and smiled.

"All right, Billy," she said softly.

There was a pause. "Let's go back to my cottage. You can drive."

Billy mounted the saddle joyously, stuffing his cap into his pocket. Aimee took her seat behind. The Sphinx meandered homeward at an easy fifty miles an hour.

CHAPTER VI

"Thou Shall Not Lie."

Georgina Barnes began the day well; though she came within an ace of beginning it very badly indeed—she was ready to cry.

After the service the servants dispersed to their duties, and Lady Erythea led the way to the morning room, where Georgina—with the air of one conferring a benefit and bestowed a word of approval on Alexander, who was looking at Georgina with some concern in his large eyes.

"You look a little tired, cousin," he said, "did you rest well?"

"Oh, yes," said Georgina, "the— the journey yesterday was a little tiring."

"Perfect health," said Lady Erythea, "is not only desirable, it is a duty, in the young."

Breakfast proceeded in silence, till Lady Erythea made her announce-

"The carriage will be ready for us all at ten," she said. "Remember that one does not keep horses waiting. We shall drive to Syderford."

"In that case," said Mr. Lambie, "I must be excused now. I have many things to do before ten."

Lady Erythea watched his exit with some anxiety.

Furnaces Having Provided For Coke Requirements, the Market Assumes Quiet Tone

Shipments on Contract Well Maintained; Spot Not so Much in Demand.

EASTERN BUYING CEASES

Whether Temporarily or not is to be Determined; Standard Spot Furnace Standing at \$8.50 a ton; Foundry in Fair Demand; Iron Strong, Inactive

SPECIAL TO THE WEEKLY COURIER
PITTSBURG, Jan. 10.—The coke market has been quiet in the past week. All the furnaces now in operation, and dependent on purchases of Connellsville coke, seem to be covered for the time being. Most of the contracts made are for the quarter, but it is understood that one or two more large contracts were made only for the present month.

Shipments on contracts seem to be well maintained, so the furnaces have little if any occasion to enter the spot or prompt market for additional supplies. Car placements in the region are reported to be fully satisfactory, and better than they were a month ago, but there is not a little congestion at the ports. The total number of cars in the service seems to be fairly adequate, but they are not in all cases making their long trips as expeditiously as they might, and there is also a menace to the car supply in that many cars, formerly engaged in quick round trip service have recently gone east with coke purchases for domestic purposes, and these cars may be slow in getting back.

The eastern buying for domestic consumption has ceased, whether it temporarily remains to be seen. A large tonnage was taken, and this is now being distributed. Probably the car will need extra fuel to supplement the supply of anthracite for the remainder of the season. There is still a good demand for nut coal, obtained with antracite this coming week from New England. The eastern distributors are in position to pay good prices is shown by the nut coal market. The eastern demand is decidedly for 2 nut coal that passes through a 2 inch screen and over 1 1/2-inch screen. This nut coal is \$6.50 regularly, the 2 nut being brought to about \$9.00 and the slack to \$10.00. \$2.50 showing a very curious range of relative prices.

There is a moderate demand for heating coke in the west, but it does not run much into a market. Heating coke of good quality can be had at \$8.25 and this figure could be shaded on less choice material.

Standing furnace coke for spot or prompt shipment stand at \$8.00 flat, this coexisting with a Miller rate of \$8.50 to \$9.00 a week, so there have been sufficient offerings to fill any actual requirements arising in the part of bus. furnaces. While the price shown so much from public sources has not been made from some really standard furnace coke. Producers are being in the market, so that the market will get off a little by the end of the week. It is still well above the contract level as most of the furnace coke contracts for the quarter were made at \$7.00 to \$7.50.

Furnace coke has been in fair demand, but not in heavy enough demand to prevent the market showing a slightly easier tone. Very good grades can be had at \$9.00 and \$9.25. Valley but for a time the price seems to be about the top. There is a better prospect for spot and prompt

KIDNEYS NEED LOTS OF WATER AT TIMES

It Both Hurts or Bladder Bottles Also Take a Little Salt.

Most folks forget that the kidneys like the bowels, sometimes get sluggish and clogged and need flushing occasionally, else we have backache and a dull indisposition. In the kidney region so far he places the little twinge in the liver and stomach area, next comes the bladder disorder.

You surely must keep your kidneys active and clean and the more irritative feel in aches of pain in the kidney region begin drinking lots of water to get about four or five glasses of water from the glass and stone, take a tablespoonful in a glass of water before breakfast for a rest and your day's work will then start the famous salts is made from lime and citrus and lemon juice combined with lime, and is intended to flush the kidneys and help to stimulate them to activity, to also neutralize the acids in the urine so they no longer irritate the kidneys to relieve kidney disorder.

And salts is largely made a rich in effectiveness. If you overdrink, which everybody should take now and then to help keep the kidneys clean, then you will find the salts lots of a tonic to take. We are now trying to correct this trouble while it is only trouble. It means to you a virtual exemption from kidney trouble twice over—just drink some.
